In this week's race poor Martin ras had a dysentery that has destroyed his strength and made the long ride on the wheel a dreadful task, so that the plucky Deiroit soldier boy was in third place when the last of the six long days began, and 126 miles behind his Chicago rival.

Waller, the ungainly California German, was 85 miles ahead of Martin, too, and even Martin's pluck could not beat that sort of odds.

Schock touched Martin's 142-hour record at a little after 8 o'clock last evening, as was predicted in "The Evening World," and had till 10 o'clock to-night

But as Schock's lead was so great as to give him a "sure thing," he lottered after that, spending much time in his quarters.

Albert scored his 1,300th mile at 2.20 this morning before he went to bed, and Pete Golden, the west side boy, touched 1,200 miles at 7.10. Golden is still feeding the hope that springs eternal in the heart of the six-day racer—that his faster competitors may fall victims to bad stomach, weakened muscles or stiffened joints.

ach, weakened muscles or stiffened joints.

Meixell was out of it practically when this morning dawned. Golden overtook him a little after midnight, and then he retired for a sleep that was in its first staces at 3 this morning.

While he slept and the scorers and spectator-lodgers were dozing. Fred Stiles, his trainer, played a joke on everybody. He donned Metxell's jumper, cap and goggies, and mounting the 'secor's wheel spun around the track a dezen laps.

wheel spun around the track a dezen laps.

"Meixell on," called Chief Scorer Roberson, and the electric lights used for scoring laps twinkled like stars on Meixel's score-post till "Meixell" had a fake fall right before the scorers, and Silles removed his mask and laughed. The scorers joined in the smile, but the efforts of Roberson and the man who had charge of Meixel's score were rather slekly.

The morning scores follow:

John Y. McKane, Sunday-school Super-intendent and boss of Coney Island, has been indicted by the Extraordinary Grand Jury, which has been investiga ing the alleged election frauds in the wn of Gravesend. The indictment of McKane was handed

up to Justice Cullen in the Special Term of the Court of Oyer and Terminer by Foreman Michael E. O'Connor of the Grand Jury this morning. Accompanying the McKane indictment was a large batch of papers, seventeen documents in all. They are said by some to contain 100 indictments for persons in Gravesend and Kings County, who are

charged with perpetrating election frauds. Just who the persons are has not yet been made known. At 12.45 McKane came into Sheriff Courtney's office and delivered himself up. He was accompanied by his per sonal counsel, George W. Roderick and

ex-Senator James W. Birkett, who is Treasurer of Dr. Talmage's church. Sheriff Courtney told McKane that Justice Culien had not issued the warrant for his arrest, but he expected it every minute.

Mr. Roderick, McKane's counsel, de-cided to wait in the Sheriff's office until the warrant was issued, when he would go with McKane before Justice Cullen, and ask that ball be fixed at once. At 1.30 o'clock the warrant for Mo-
